

**PROGRAMME TITLE****Mechanical Engineering: Motor Trade N1/N2****\*Only offered at DHET registered exam centre campuses****DESCRIPTION**

The Motor Trade programme provides learners with foundational theoretical knowledge and practical skills for working in the automotive and electrical engineering environment, focusing on motor vehicle electrical systems. This programme prepares learners for further technical training and progression toward artisan status in the motor trade industry.

**CAREER FIELDS**

With this qualification, successful learners could pursue a career as a:

- Automotive Electrical Assistant / Apprentice
- Motor Vehicle Maintenance Assistant
- Battery and Charging System Technician Assistant
- Diagnostics and Fault-Finding Assistant

**PROGRAMME OUTLINE**

<b>1<sup>st</sup> Year 1<sup>st</sup> Semester Subjects</b>	<b>1<sup>st</sup> Year 2<sup>nd</sup> Semester Subjects</b>
Engineering Science N1	Engineering Science N2
Engineering Drawing N1	Engineering Drawing N2
Mathematics N1	Mathematics N2
Communication	Motor Trade Theory N2

**TYPE OF PROGRAMME**

Full Time: Minimum 1 Year

**ADMISSION REQUIREMENTS**

Learners need one of the following:

- Only learners who have completed the NSC or equivalent qualifications may be enrolled for purposes of articulation to the National N Diploma: Engineering Studies or similar qualification.
- TVET Colleges may use their own admission requirements in determining the starting N-level of the students enrolled for articulation purposes.

**LEARNER MATERIAL**

All study guides are included in the tuition fees. Your campus academic department will provide you with a list of required textbooks.

**PRICING**

Enquire at the Berea Technical College campus for a current programme pricelist.

**ADDITIONAL COSTS**

There are additional costs such, a drawing board and some Engineering accessories e.g. drawing instruments, lab coat etc.

**EXAMINATION AUTHORITY**

All examinations are National Examinations, set and administered by the Department of Higher Education and Training.

**CERTIFICATION**

Upon successful completion of this programme, learners will receive a statement of results.

**ARTICULATION**

- Providing articulation and a second chance to learners who have completed the National Senior Certificate (NSC) or equivalent qualification and would like to pursue studies towards National N Diploma: Engineering Studies or similar qualifications but did not meet the performance level required for admission.
- Providing access to artisan training in those trades that currently do not have occupational qualifications and trade tests developed.

<b>PROGRAMME TITLE</b>
<b>Mechanical Engineering: Motor Trade N1/N2</b>
<b>*Only offered at DHET registered exam centre campuses</b>

**FURTHER STUDIES**

Upon completing N2, learners can further their studies at various accredited trade test centres, gaining access to artisan training in trades or trade tests. Here are some accredited trade-test / artisan training centres in KwaZulu-Natal (KZN) that you can contact if you want to do a trade test or artisan training:

**KATS Training Services – Durban / Northdene:** They are a “Decentralised Trade Testing Facility (DTTC)” for motor/diesel mechanics (petrol & diesel), auto-electrical, and other motor-industry related courses. They are accredited by merSETA and National Artisan Moderation Body (NAMB) for Motor and Diesel Mechanics.

**Next Level Skills Academy (KZN / Pinetown):** This centre is listed as an accredited Trade Test Centre (TTC) for Automotive Motor Mechanic, Diesel Mechanic and Automotive Electrician. They perform trade tests and ARPL assessments

**RBTTAC – Richards Bay Technical Training & Assessment Centre:** They offer trade tests and ARPL/preparation for Diesel Mechanic, Automotive Electrician and related trades

**Qualitas Training (decentralised trade-test & training centre):** Although based outside KZN, this centre offers trade testing and training for motor/diesel mechanics, auto-electricians, etc. Useful if you are open to travelling.

**DISCLAIMER**

*The information contained in this fact sheet is accurate at the time of printing. However, factors beyond Berea Technical College control (such as environmental, regulatory or technical changes) may cause the contents of this fact sheet or of the programme to change. In the event of any such change, Berea Technical College will formally notify current learners. All possible measures will be taken to minimise inconvenience to learners.*
