PROGRAMME TITLE	NQF	SAQA ID	CREDITS
HIGHER CERTIFICATE IN SUPPLY CHAIN MANAGEMENT	**5**	**119054**	**132**

DESCRIPTION

The purpose of this qualification is to provide students the opportunity to acquire skills required to perform basic and elementary functions in the Supply Chain Management field. Training for this programme is both theoretical and practical. It allows students to grasp fundamental knowledge in the workings of various software packages and the commercial environment and select Supply Chain software packages. The skills, knowledge and understanding demonstrated within this qualification are essential for social and economic transformation and contribute to the upliftment and economic growth within the business sector. The students are trained to assist management with various administrative duties. Students will be able to obtain employment in a range of entry level Supply Chain Management and administration (including logistics, operations management and data capture), Supply Chain Management clerical, procurement, purchasing, general office administrators, and related positions.

This programme will contribute to the full development of the student within the Supply Chain Management environment by providing recognition and further mobility within the field. The qualification supports the philosophy of life-long learning, because students will be able to increase their access to employment since this programme also caters for individuals that who are employed but lack the certification to perform efficiently or to be promoted. This qualification is the start of a career path in the Supply Chain Management. The skills, value attributes, and knowledge reflected in this qualification are building blocks that will prepare students for progression along the learning ladder.
